

# Abbots Bromley School

## Enrichment Programme

2017

Welcome to your Enrichment Options for the Summer Term.

This academic year you will notice that we offer you a selection of Enrichment and Intervention Sessions during the lunchtime break.

All pupils, including sixth form students, will be expected to take part in after school enrichment every day from Monday to Thursday.

All pupils not in an intervention slot or activity will be expected to be in Prep study between 13:30 and 14:00.

There is no prep option after school.

For the Summer term you will have a number of choices for your enrichment period.

Pupils may take part in either Equestrian, LAMDA or Dance activities during this period. These activities are not listed in this booklet but you can add them to your choices.

Some enrichments have limited number of places so you need to provide your choices as quickly as possible.

It is important you spend time talking to friends, staff running activities and your parents before you make your decision as **you will not be able to change** enrichment options once you have made your decision.

When you have made your decision please pass your form back

Mr I J Ravenhill  
Enrichment Coordinator
